Dear Zarinah,

It is our pleasure and our honour to collaborate with your esteemed IIUM in the establishment of Abu Hurairah Club IIUM.

As a nation develops and educates the young, we embrace the holistic education that includes sharing our world with animals and developing compassion, care and concern for living creatures that are not able to speak or express their need. Education is much more than academics or the latest technology, it is creating agents of change, for the better of our planet and humanity.

"When we sow the seeds of kindness and compassion towards animals, we are also sowing the seeds of kindness and compassion towards human beings. The respect and integrity that comes with a full and compassionate heart is what the world sorely needs right now."

Warmest regards,  
Christine Chin Radford  
SPCA Selangor Chairman

Hello Christine

The International Islamic University Malaysia (IIUM) has made history as the first university in the country to receive an International Green Gown Award for the 2020 Best Sustainable Institution category. The award is given to universities from around the world in recognition of the efforts in developing sustainability in their own countries and having positive impacts on the well-being of local communities.

The Global RCE (Regional Center for Excellence) Service Centre at the United Nations University Institute for the Advanced Study of Sustainability (UNU-IAS) announces a call for nominations for the 9th annual RCE Awards. RCEs are encouraged to nominate one or more of their ESD projects for the award.

As such, the Abu Hurairah Club IIUM would like to participate as one of the nominees and showcase our efforts and our stakeholders contributions towards establishing the construction of the Cat Shelter on our IIUM campus as well as successfully carrying out awareness programmes related to animal wellbeing, cat neutering programmes, adoption programmes, webinar on animal-assisted therapy and student activities on animal wellbeing in line with the sustainability development goals (SDG)

We would like acknowledge your participation in this endeavor as one of our stakeholders and collaborators who have assisted us in funding, manpower, advise and for future collaborations. For that, we

need your consent to allow us to mention your company's name in the application form.

Please reply to this email by typing yes or you may write a few words to show your enthusiasm working with us.

Thank you and have a wonderful week ahead.

Warm regards
