The International Day of Peace ("Peace Day") is observed around the world each year on 21 September (although in 2019 our event is being held on Sunday 22 September). Established in 1981 by unanimous United Nations resolution, Peace Day provides a globally shared date for all humanity to commit to Peace above all differences and to contribute to building a Culture of Peace. In 2019, we also celebrate 30 years of the *UN Convention on the Rights of the Child* – first adopted by the General Assembly in November 1989.
