

# AFRICAN RCEs CONTINENTAL MEETING

# AGENDA

- RCE Identity
- Cooperation among RCE in Africa
- Integration with global networks
- Fundraising/Fund generation
- Way forward

# RCE IDENTITY

- A body that has wide recognition on ESD
- A tool of ESD in Africa
- A body that is able to collaborate and share experiences, skills and knowledge on ESD
- An institutions that facilitate change in practices
- An institution that is known and influences government, communities continental organisation on ESD

# COOPERATION AMONG RCEs IN AFRICA

- Deliberate with the rest of RCEs in Africa
- Collaborate as Africa RCEs
- Establish an Africa RCE forum for knowledge creation and identification of solution
- Build on the existing structures in Africa dealing with ESD e.g. EEASA
- Organize side events on African RCEs

# INTEGRATION WITH GLOBAL NETWORKS

- Link up with other RCEs around the world in areas of interest e.g. projects, programmes on ESD

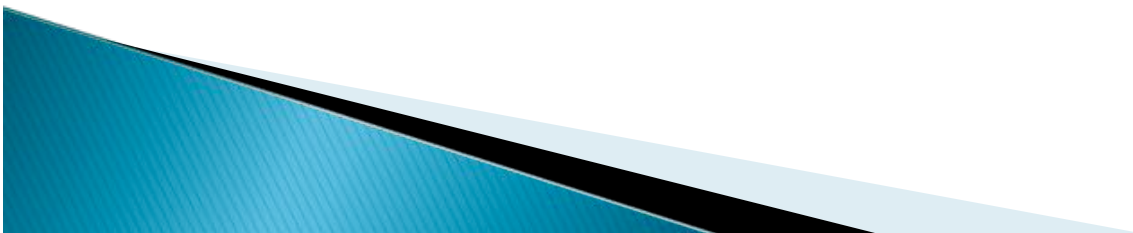

# FUND RAISING/FUND GENERATION

- Have activity funded projects within the region
- Identify partners to fund RCE activities
- RCEs should generate money internally
- Have clear projects that will attract the interest of the other RCEs
- Identify RCE projects for inter RCE collaborations at global level

# SIGNIFICANT PROGRESS FROM LAST YEAR'S CONTINENTAL MEETING

- Reorienting school curriculum towards ESD
- Greater community involvement in sustainability practices
- Research in sustainability practices

# WAY FORWARD

- Liaise with the other RCEs in Africa and beyond
- Form a committee to mobilise ideas from RCEs (SADC REEP, West Africa and North Africa and Francophone countries)
- Come up with a discussion paper on the formation of African RCE forum
