

Home Reading Program

Toward improvement of quality lifelong education

RCE ESD East Kalimantan initiates to promote the improvement of reading habit through home reading program which was begun from July 2010.

This program is designed to students at kindergarten through “home reading program”

The program has involved about 200 students from two kindergarten schools in Samarinda (PG & Kindergarten Al Fath and Kindergarten Anak Bangsa)

Students will be given an award for their achievements for every 25 nights' home reading program.

There will be evaluation every three months to investigate whether student' reading habit has been in progress or retrogression after joining this program.

RCE provides various book titles that student will be able to **take home everyday** for School Calender year.

Alongside with the book, students also bring home a **journal log**, which will be filled in by both **students and parents**

It will be used to **monitor student** progress in program. **Reading time** is expected night time before children go to bed

Students **will be given an award** for their achievements for **every 25 nights'** home reading program
